SOLUTION BRIEF

Sophos Firewall

The heart of the AI-era network

Engineered for Performance. Connected for Defense.

Sophos Firewall and XGS Series appliances combine high-performance protection with connected defense through Sophos Fusion.

USE CASES

1 | Consolidate, simplify and save

Desired outcome: Spend less time managing network security

Solution: Simplify operations and reduce overhead with connected network security solutions from Sophos, managed through a single console.

2 | Secure by Design

Desired outcome: Reduced cyber risk

Solution: Reduce exposure and simplify security maintenance with a hardened Secure by Design foundation that helps maintain a strong security posture.

3 | Engineered for performance

Desired outcome: Enhanced protection without compromise

Solution: Stop new threats with high-performance TLS inspection, AI-powered file analysis, and dynamic sandboxing without compromising performance.

4 | Connected for defense

Desired outcome: Accelerated identification and response to active threats

Solution: Shared threat intelligence and context across connected solutions help Sophos Firewall identify and automatically respond to active threats.

5 | Work from anywhere, safely and securely

Desired outcome: Seamlessly enable a hybrid or distributed workforce

Solution: Connect distributed locations with SD-WAN and protect users, apps, data, and identities with Sophos Workspace Protection.

6 | Increased cybersecurity value

Desired outcome: Get more from your cybersecurity investment

Solution: Maximize lifetime value with efficient operation and a rich set of built-in features at no extra cost.
